OVERVIEW

What you can do with the Customer Portal today:

Service Tickets:

- View Open and Closed Service Tickets
- Create new Tickets
- View/Save/Print the Service Signoff Form
- View/Save/Print the Service Ticket detail Form
- Change a Ticket's status to ">Cancelled" or ">No Action Required"
- Add text to the "Discussion" or "Resolution" of the ticket
- Add Attachments to the Ticket

Invoices:

- View/Save/Print Invoices
- View Payment Due Dates and view invoice payment statuses

Agreements:

- View Agreement Title and effective dates
- View Balance of Agreement (e.g., view hours used if you've purchased a block of service hours)

Reports:

- View and Save Reports (although the reports available today are very simple)

Administration:

- Add users and set their Permissions
- Set company preferences

Security Levels:

There are three Security levels:

Admin – can do everything described above

Manager – Everything admin can do except: Add users and change Company Preferences

User – Can only enter, view, and modify their own tickets

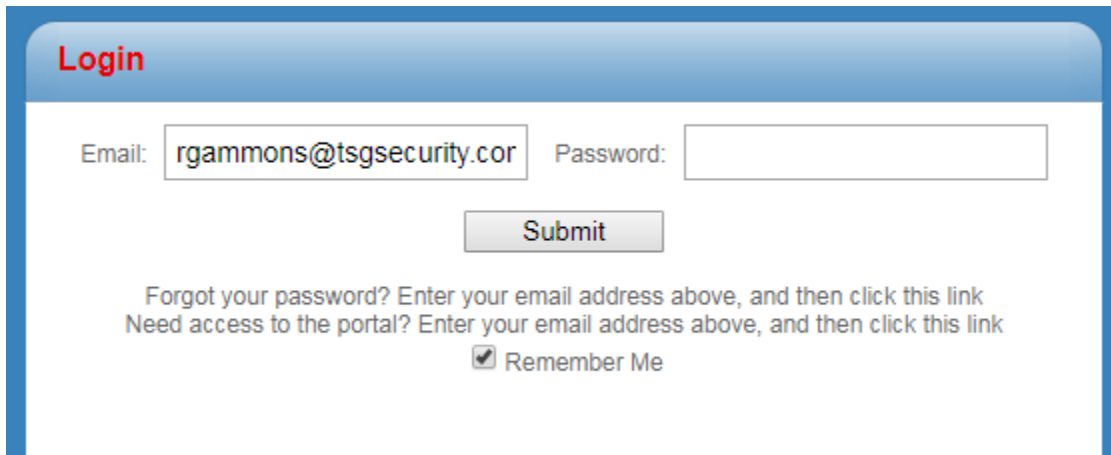

Miscellaneous:

- Permissions are based on your email address
- Your email address will only allow access to your company – no other TSG customers
- TSG will need to add at least one "Admin" user per company – then either TSG or the Company Admin(s) can add/enable other users
- Either TSG or the Company Admin can reset passwords

LOGGING IN AND OUT OF THE CUSTOMER PORTAL

Logging In

1. Navigate to <https://na.myconnectwise.net/tsgi>

Login

Email: Password:

Forgot your password? Enter your email address above, and then click this link
Need access to the portal? Enter your email address above, and then click this link

Remember Me

2. Enter your **Email** and **Password**.
3. Click **Submit**.
4. You are taken to the Customer Portal Home page:

Password Reset: From the Login screen you can also request a password reset (which will go to your Company administrator)

Request Access: From the Login screen you can request access to the Customer Portal but this will only work if TSG already recognizes your email address as an active Contact in the TSG database. Your company administrator or someone at TSG would need to add you to the Contacts list.

Logging Out

When you are finished using the Customer Portal, click the Log Out link on the top right-hand portion of the screen.

MY ACCOUNT

The My Account link is located at the top right-hand portion of the Customer Portal Screen. It will enable you to edit your Account Details.

CREATE TICKET BUTTON

Use the Create Ticket button to enter a new service request. When you create a new service ticket, your name, address, telephone number, email, and site will automatically populate on the ticket.

The following is a list of fields available when creating a new ticket.

Select Service Needed	Use the carousel to select the type of Service Request to enter – or choose “Other.”
Title	Enter summary for the problem or issue to be used as the Ticket Title.
Problem Description	Enter a complete description of the problem or issue. If you have multiple Sites, please be clear about which Site you are referencing.
Add Attachment	Use the Add Attachment button then browse for a document to attach. In the Title field, enter a title for the attachment.
Due Date	Optional: Enter the date you need the service ticket to be completed.
Emergency	Select this check box if the service request is an emergency.
PO Number	Optional: Enter a Purchase Order number to authorize the billing of this service ticket.
Contact Details	You’ll see your own contact details here. Please correct any data that is incorrect. You may also use the “Choose” button to select a different person than yourself to be used as the Contact for this ticket.

After completing the required fields and clicking Submit, you will receive a confirmation message with your ticket number.

NAVIGATING THE CUSTOMER PORTAL

The following information will assist you in successfully navigating the customer portal.

Most of the Customer Portal Tabs will have a Sort menu that will enable you to filter and narrow down your searches.

Most of the Customer Portal Tabs will also have a Summary View and a List View available. A Summary View will provide you with more Summary details about the item, while the List View condenses the details into one row.

HOME TAB

The home tab will give you an overview from which you can dive deeper into individual Tickets, Reports, Invoices, etc. or hit "See All >>" which will take you to the other Tabs.

The screenshot displays the TSG Customer Portal Home Tab. At the top left is the TSG logo with the text "Technical Systems Group Inc. SECURITY • FIRE • CCTV • ACCESS". At the top right, the user's name "Richard Gammons-gmail" is shown along with links for "My Account" and "Log Out". A navigation bar contains "Home", "Tickets", "Reports", and "Account" tabs, with "Home" selected. A red "Create Ticket" button is located in the top right corner.

The main content area is divided into several sections:

- Welcome Richard Gammons-gmail:** A message stating, "With TSG's Customer Portal, you have easy access to submit service requests, check status of service, and view statistics of past service. TSG is continuing to improve our services. Other functions of this Customer Portal will be available in the future."
- Open Tickets (2):** Lists "TEST Ticket - Software Install" and "CUSTOMER NEEDS (4) POPITS" with a "See All >>" link.
- Reports (2):** Lists "Service Request Trends - Last Year" and "Service Request Trends - This Year" with a "Reports >>" link.
- Alerts:** Shows "0 Unpaid invoices" and "0 Open unapproved tickets".
- Statistics:** Features three large numbers: "2" for Open Tickets, "0" for Tickets This Month, and "18" for Tickets This Year. Below these is a bar chart titled "Ticket Totals By Month" showing ticket counts for each month from J to D. The y-axis ranges from 0 to 15. The chart shows 2 tickets in June, 15 in July, and 1 in September.
- Unpaid Invoices (0):** Shows "0 Unpaid Invoices" with a "See All >>" link.

TICKETS TAB

The Ticket Tab enables you to view all service tickets for your company. Certain security levels may be necessary to allow viewing ALL service tickets versus seeing only the tickets that the person logged in submitted themselves.

You can use the “Search By” section to assist in filtering results.

REPORTS TAB

You can view reports that summarize your interactions with TSG. Your ability to see these reports may be limited by the security level that your company administrators have assigned to you.

ACCOUNT TAB

In the Account tab, you can view Agreements, Invoices, and update Contact information (“Users”) for your company.

Account Tab - Invoices Screen

The Invoices tab displays invoices that are available. Selecting the invoice number link will open the invoice for you to review.

Account Tab - Users Screen

This view enables you to update company email addresses, phone numbers, and emails, in addition to changing your password.

If you have the security rights, a list view of all the Contacts for your Company will be available. You can click into any contact information to update it. In addition, you can click the **Add New User** button to add a new user to the portal.

Administrators can assign Security Levels to users from their company as follows:

- Admin – can do everything described in this document
- Manager – Everything Admin can do except: Add users and change Company Preferences
- User – Can only enter, view, and modify their own tickets

Account Tab - Agreements Screen

The Agreements view enables you to view all active agreements for your company.
